

Health Records Clerk, Medical Records

Salary: \$60,177 to \$71,857 per year (\$30.86 - \$36.85/hour)

Status: Full-time, Term to March 31st, 2024

Competition #: 147-22

Closing Date: April 6, 2023

Assist the department in the provision of accurate, complete and accessible health information services in accordance with accepted National, Territorial and HRHSSA standards and policies. Patient files are analyzed and organized for patient care and statistical data, and reported for strategic planning and utilization purposes. The incumbent is responsible for the maintenance of meticulous medical records, both paper and electronic based, to be able to improve access to patient information at the point of care, support collaboration along the patient care continuum, improve the ability for reporting and quality improvement initiatives and most importantly improve the care and safety of patients.

The Health Records Clerk is responsible for governing a unique patient numbering system. The incumbent will merge patient information and eliminate duplicate patient identification numbers in both electronic and paper systems. Processing patient charts and documents often requires lengthy periods of sitting or standing, concentration and attention to detail.

Qualifications:

- Computer skills and knowledge, including word processing, spreadsheet and database applications (eg. Word, Med2020)
- Competent keyboard and transcription ability
- Knowledge of, familiarity with and awareness of medical, clinical and administrative operations
- Understanding and proficiently use systems and programs to investigate and resolve issues, including running and analyzing reports
- Ability to anticipate, recognize, interpret, assess and identify appropriate solution(s) to issues in a timely manner
- Strong presentation and interpersonal skills
- Strong written and verbal communication skills
- Ability to identify, establish and maintain professional relationships with key internal and external agencies and stakeholders
- Ability to proactively identify concerns, issues and initiate potential solutions and recommendations
- Ability to prioritize work to ensure all work is completed by set deadlines
- Must be able to work with highly confidential material and maintain confidentiality
- Achievement Motivation - An ability to double-check the accuracy of information in own work (i.e. ensures the accuracy of figures and other data) as well as work of others
- Expertise - An ability to answer questions as a functional expert when asked.
- Self Confidence - An ability to see self as a functional specialist and an ability to make things happen. This includes an ability to explicitly state confidence in own judgment
- Flexibility - An ability to alter normal procedures or ways of working to fit a specific situation to get the job done and/or to meet goals (i.e. performs co-workers tasks if needed)
- Valuing Diversity – An ability to monitor and evaluate own beliefs and behaviors with regard to prejudices and personal bias, and practices new behaviors as appropriate

This level of knowledge is normally acquired through the successful completion of a high school diploma and successful completion of a recognized Medical Terminology program. Experience in a clinical support role / health informatics role or equivalent combinations of education and experience.
