

Resident Service Coordinator, Supportive Living Services

Salary: Range 13, \$40.10 to \$51.08

Status: Casual, no guarantee of hours

Competition #: CA24-036

Closing Date: Open

The purpose of the Resident Service Coordinator is to facilitate a broad spectrum of activities to the residents at Supportive Living Services (SLS), to teach life lessons, facilitate the learning of new behaviors to enhance resident/clients lives, to fulfill goals and achieve increased independence. The Resident Service Coordinator is a member of the client care team who provides a range of therapeutic programs and services, primarily to residents on the Supportive Living Services campus and clients in the community with cognitive disabilities. The Resident Service Coordinator is responsible for assessing, planning, organizing, implementing and evaluating the overall day programming, community inclusion opportunities and facilitation of life skills training through a client-centered multi-disciplinary approach. As a result of the assessment process, the incumbent is responsible for recreation, social programs and services that are designed to contribute to the physical, emotional, cognitive, social and spiritual needs of the individual residents and clients.

This program is comprised of 3 supportive living residences and a Day Program building. Under the direction of the SLS Program Supervisor the incumbent develops and facilitates programs that provide the physical, social and emotional support residents require to be as independent as possible in both the home environment and the community. The delivery of services has a direct impact on the quality of life and satisfaction for the residents and clients of Supportive Living Services and their families.

The Resident Service Coordinator works with community-based agencies in promoting activities and advocating for services to meet the needs of the residents at SLS and the community members associated with the program. The incumbent is also involved with individuals who are physically and mentally challenged with the goal of involving them in a range of community-based activities. The position promotes community awareness and volunteer involvement in the program

Qualifications:

- Knowledge of Supportive Living Programs and an understanding of life plans and goals setting.
- Excellent communication skills to effectively interact with the clients/residents, family care team and the community.
- Ability to develop a network of resources within and outside the organization.
- Ability to motivate and guide residents/clients to participate in activities while being sensitive to cultural diversity.
- Ability to work independently with minimal supervision as well as part of a multi-disciplinary team.
- Knowledge of appropriate recreation and social activities for residents/clients.
- Ability to create innovative programs/activities that meet and challenge the needs of the residents/clients.
- Working knowledge of financial record keeping.
- Adequate computer skills in the areas of word processing and the ability to create posters.
