Hay River Health and Social Services Authority

March 22, 2022 – the Hay River Health and Social Services Authority (HRHSSA) is pleased to announce that effective **Thursday, March 24th**, the emergency department will return to regular physician services at the Hay River Regional Health Centre.

“I would like to take this opportunity to thank our very talented staff for their continued teamwork and resiliency as we managed our way through this unprecedented time. Their readiness and ability to support our community during this time continues to be greatly appreciated.” – Erin Griffiths, Chief Executive Officer

HRHSSA continues to actively recruit for professionals, including Occupational Therapists, Physiotherapists, Social Workers, Registered Nurses, Family Physicians, and Laboratory Technicians. Staffing shortages are being driven by a combination of difficulties in recruitment, a highly competitive job market for health and social services professionals and vacancies caused by departures or retirements.

As HRHSSA continues to work on alleviating health and social services staffing shortages, we are committed to open and transparent communications aimed at keeping clients and community stakeholders up to date and informed as the situation evolves.

Thank you.

Erin Griffiths
Chief Executive Officer
